| About

The GBE Group is a proudly Australian owned company, providing high standard electrical services to Newcastle, the Hunter Region and Central Coast of NSW.

The GBE Group are accredited Master Electricians. By choosing a Master Electrician you are choosing a quality electrical contractor who has proven they have the experience to provide a safe, energy efficient solution on all projects.

| Responsibilities & Safety

At the GBE Group we are very aware of our responsibilities to look after the safety and welfare of our employees and contractors.

We also understand that we have a responsibility to look after the planet for future generations. As such, we strive to ensure the following objectives are met where possible.

Recycle

Minimise waste

Sustainability Plan

Encourage minimal power use through low voltage products

| Awards

The GBE Group has won numerous awards since our inception in 1991. This includes winning the National Master Electrician of the Year Award in 2015.

This is a prestigious award which we are very proud of. Our other awards include Residential state project of the year award, Women in contracting state award, Large host employer of the year award.

Through these awards we have built a good rapport with the local community.

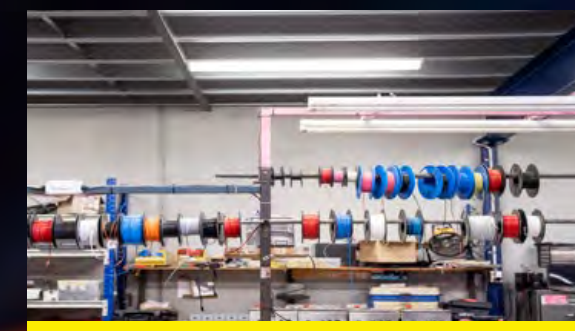

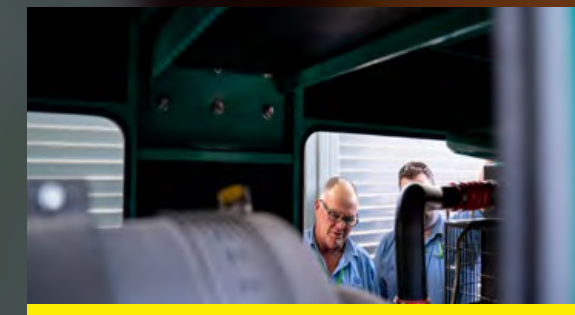

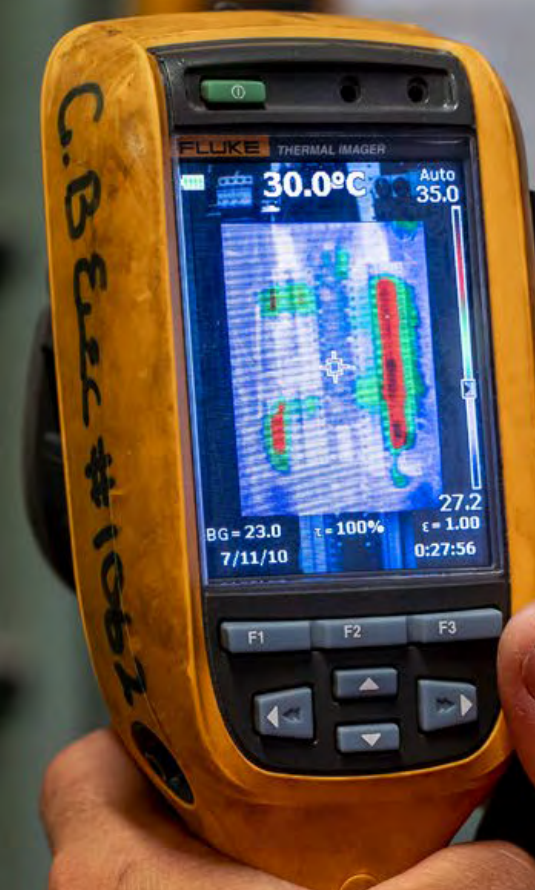

Quality Assurance

The GBE Group has Quality Management Systems to enhance and improve our performance, and we are certified to ISO 9001.

This, along with our high quality workmanship from our experienced technicians has led to our enviable reputation in the community to soar.

Quality
ISO 9001

Specialisations

At the GBE Group we specialise in a multitude of additional electrical services.

These include:

- Automation systems
- Thermal imaging
- Power quality
- Vertical transport
- Electrical construction
- Commercial catering
- Power factor corrections
- Uninterruptible power supplies
- Automatic door systems
- Plant & equipment
- Control systems
- Commercial laundry equipment

This provides a point of difference between us and other local electricians giving us an advantage in the local market.

Business Units

| Electrical Contracting

We are specialised electricians in residential, commercial and industrial electrical projects.

From domestic electrical power points, to large industrial electrical projects, the GBE Group has the capacity and knowledge to meet all electrical service requirements.

Our 35 years of experience and over 70 staff have the capability to fulfill all project requirements.

| Residential Electrical

At GBE Group our knowledge of electrical installations goes above and beyond.

From small electrical repairs to high-end homes, we provide many electrical services such as designing and fitting out Smart Homes or installing energy saving light fittings for our clients.

A photograph of a modern office interior. In the foreground, a woman with long blonde hair is seen from behind, sitting at a desk with two Dell monitors. She is wearing a blue shirt. To her right, another woman with blonde hair is smiling and looking towards the camera. In the background, other employees are working at their desks. A large window on the left side of the office provides a view of the outside. A small television is mounted on the wall. The overall atmosphere is professional and collaborative.

| Commercial Electrical

At the GBE Group we provide commercial office fit-outs and building facility maintenance.

All electricians are equipped with the right resources and tools to complete any job that is part of commercial premises requirements.

Our services include:

- Statutory Testing
- Electrical Refurbishments
- Electrical Maintenance
- Building Automation

Industrial Electrical

Industrial Electrical Services by skilled tradesmen keeping clients compliant while minimising costly downtime.

Our services Include:

- Compliance testing
- Preventative maintenance
- Power upgrades
- Plant modernisation
- Industrial automation
- Control systems
- PLC systems
- Generators
- Power
- Power consulting

Industrial Machine Services

The GBE Group have installed and maintained a wide range of industrial equipment throughout Australia, and can provide programmed preventative maintenance services tailored to your needs.

We operate both in the field and from our workshop providing service, repair and maintenance for all kinds of industrial equipment.

- Welding & cutting machinery
- Plant & Equipment
- Industrial automation equipment
- Industrial machinery
- Workshop machinery

Automated Building Systems

The GBE Group has been installing lifts, automatic doors, roller doors and shutters since 1991 to the Hunter Region and beyond.

Our Automated Building Systems business units include sales, maintenance and service to all automated systems within buildings.

- Commercial door systems
- Industrial & Commercial doors & shutters
- Commercial & Industrial gates
- Residential gates
- Residential automatic doors
- Residential & commercial lifts

Industrial Control Systems

The GBE Group can design and implement the installation of industrial control systems including automation, PLC and machine safety systems.

We are able to build and install control panels and we can upgrade your equipment to the mining MDG15 code requirements.

Automation Systems

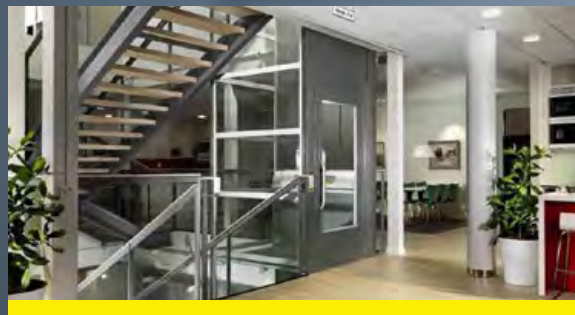

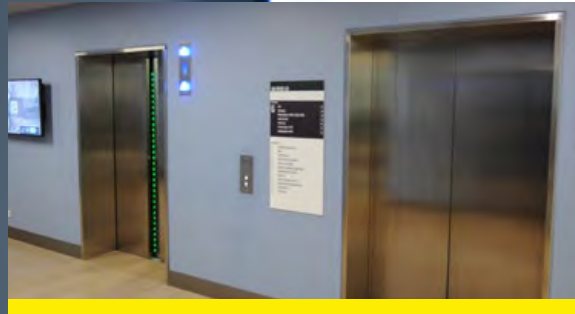

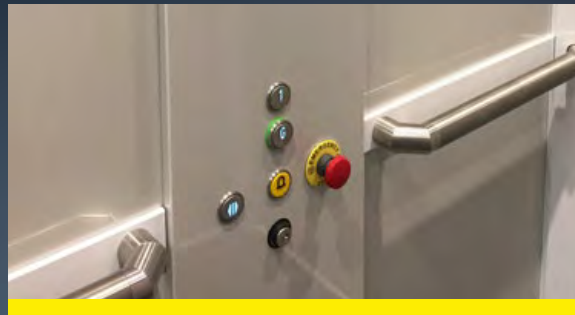

GB Automation is an arm of the GBE Group.

Our automation team has grown with the market to be the leading Automation Company in the Hunter Region serving both the residential, commercial and NDIS & icare clients.

We can provide systems for small to large scale new and existing installations, system modification and upgrades.

We also specialise in lighting control, access control, security, audio, video, blinds, shades and voice assisted systems.

Lifts, Access, Escalators & Cranes

GB Lifts provides sales and service to residential and commercial clients for all their needs in the area of vertical transport and overhead cranes.

GB Lifts provides accessibility solutions and is partnered with organisations like NDIS and icare.

GB Lifts caters to customers in need of services on Residential, Commercial and Disability lifts.

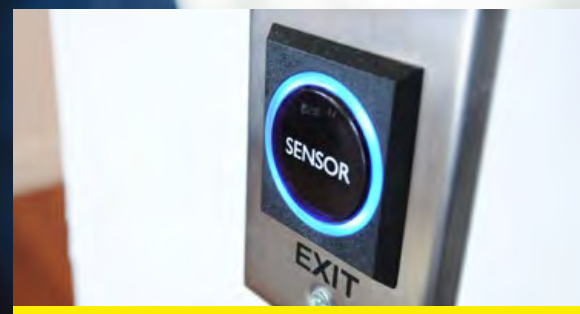

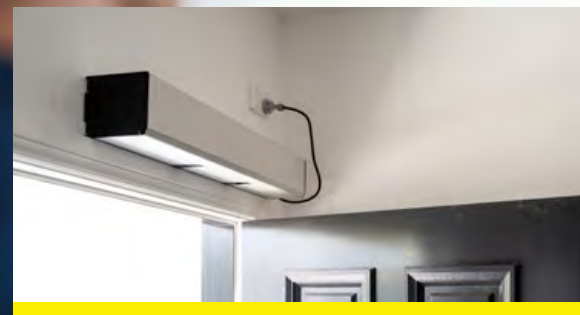

Commercial Catering

GB Commercial Catering is a business unit of the GBE Group.

This business unit provides services including sales, installation and preventative maintenance to the hospitality, aged care and health sectors.

GB Commercial Catering is an authorised service agent for leading manufacturers in this industry.

| NDIS & Disability Care

The GBE Group is an NDIS Registered Provider, we work with accident care victims through icare, Vision Australia and Paraquard NSW.

GBE Group offers person specific assessment appointments to provide tailored solutions using the latest in available technology.

Health and Hygiene Equipment

We provide reactive service works and preventative maintenance plans ensuring optimal performance of your equipment. We offer prompt service by experienced technicians and value for money pricing.

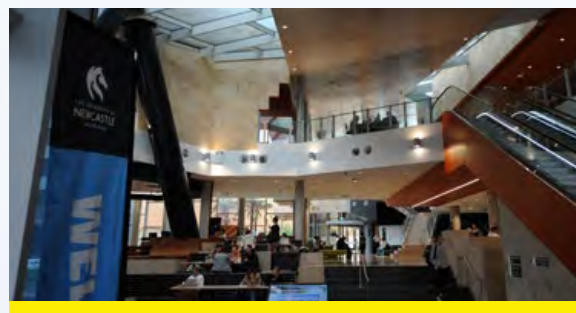

With over twenty years of continuous operation and experience in the service industry, GBE Group will look after you.
