Brief Versions

1 Sentence

GBE Group, based in Newcastle, is a leading provider of electrical and maintenance services across NSW, offering specialised solutions for residential, commercial, and industrial sectors with a commitment to quality, safety, and customer satisfaction.

1 Paragraph

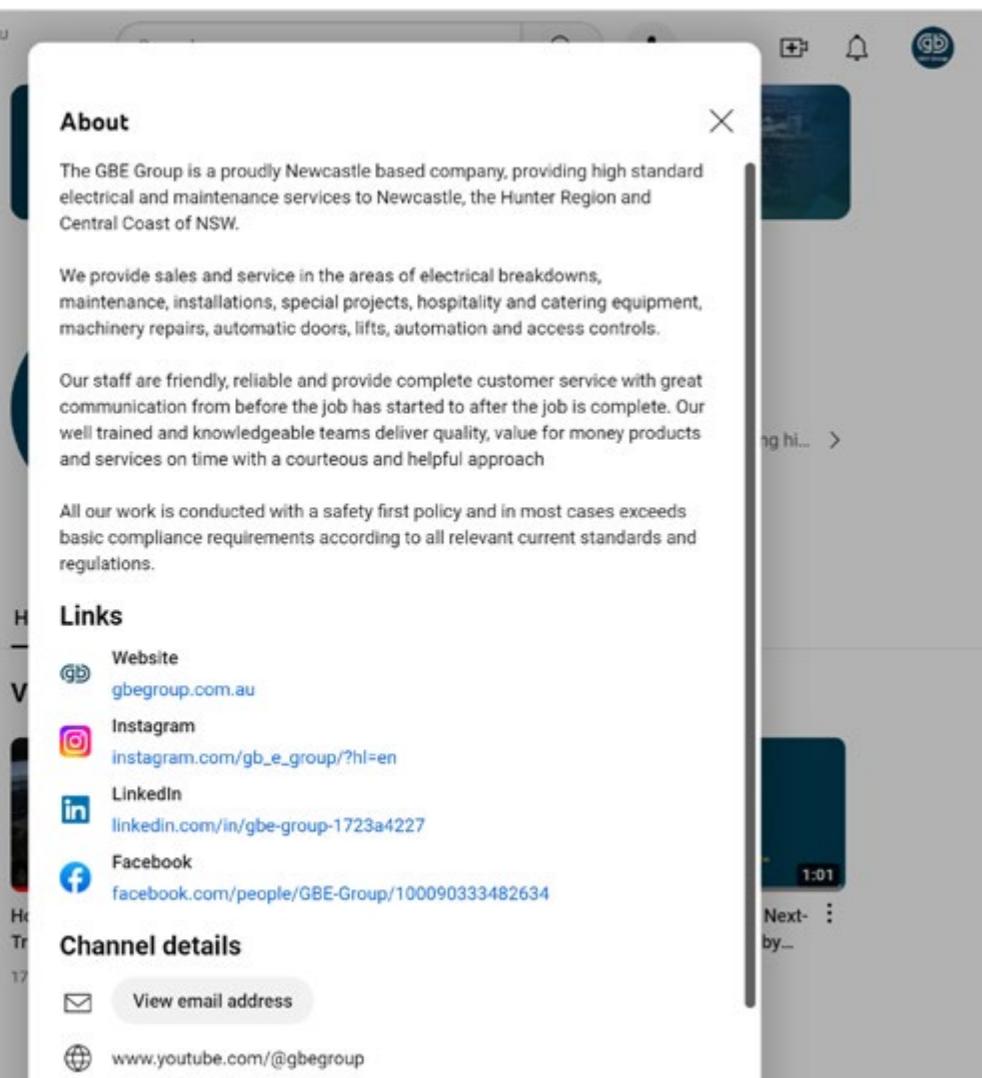

Founded in 1991 and based in Newcastle, GBE Group is a trusted provider of electrical and maintenance services, serving Newcastle, the Hunter Region, and the Central Coast. From routine electrical repairs to complex industrial systems and automated building solutions, we deliver a comprehensive range of services across residential, commercial, and industrial sectors. Our team of over 100 skilled professionals is dedicated to excellence, safety, and sustainable practices, making GBE Group a reliable partner for high-quality service and customer satisfaction.

2-3 Paragraphs

GBE Group, a Newcastle-based company established in 1991, is a trusted provider of electrical and maintenance services across Newcastle, the Hunter Region, and the Central Coast of NSW. What began as GB Electrical Contractors has grown into a diverse and highly skilled team of over 100 professionals, delivering expert solutions across residential, commercial, and industrial sectors. Our services include electrical contracting, industrial control systems, building automation, catering equipment maintenance, and specialised machinery repairs, ensuring tailored solutions that meet the unique needs of every client.

With a strong commitment to quality, safety, and sustainability, GBE Group upholds the highest industry standards in every project. Our certified and licenced professionals ensure that all work complies with current regulations, providing efficient, reliable, and long-lasting solutions. From small repairs to large-scale installations, we focus on seamless execution, responsive customer support, and transparent communication, ensuring that every client receives the highest level of service.

Driven by innovation and continuous improvement, GBE Group embraces industry advancements to deliver smarter, more efficient, and sustainable solutions. With a focus on reliability and long-term value, we remain committed to supporting businesses and communities with electrical services that enhance performance, safety, and environmental responsibility.

Above is a sample of a 4 paragraph

Full Version

GBE Group Company Overview

Founded in Newcastle in 1991, GBE Group has grown from its roots as GB Electrical Contractors to become a leading provider of electrical and maintenance services in Newcastle, the Hunter Region, and the Central Coast of NSW. With a dedicated team of over 100 professionals, we deliver a comprehensive range of services across residential, commercial, and industrial sectors. From electrical contracting to specialised machine repairs, automated building systems, and commercial catering equipment, our solutions are tailored to meet the unique needs of each client.

Our Services

At GBE Group, we offer an extensive suite of services designed to ensure reliability, safety, and efficiency. Our capabilities include:

- Electrical Contracting: Serving residential and commercial clients, we handle everything from minor repairs and installations to complete rewires, power supply upgrades, and facility maintenance.
- Industrial Control Systems: Expert support for complex control systems that optimise industrial operations.
- Building and Facility Services: Comprehensive maintenance for industrial machines and facility equipment.
- Catering Equipment Services and Sales: Fast response times for maintenance of commercial catering equipment, including ovens, fryers, mixers, and more, with 24/7 breakdown services.
- Automated Building Systems: Specialised services in automation, including building access controls, lifts, and automatic doors.
- Specialist Areas: GBE Group also provides expertise in industrial electronics, machine safety systems, and other advanced electrical solutions, backed by certifications in telecommunication and fiber optic installation, and energy efficiency.

Commitment to Quality and Safety

Our commitment to excellence is reflected in every project we undertake. We prioritize customer satisfaction by offering prompt, reliable service, ensuring open communication, and delivering high-quality workmanship. Safety is at the core of our operations; we adhere to the latest industry standards and implement rigorous safety practices to protect our clients, employees, and the environment. Additionally, we're dedicated to sustainability, employing methods that reduce our environmental impact while delivering outstanding service.

Credentials and Qualifications

GBE Group is fully licensed, holding Electrical Contractors License No.38583C, and offers an extensive array of specialised qualifications. These include telecommunication licenses, high voltage safety certifications, and advanced qualifications in areas like fiber optics, data cable systems, and industrial machine safety. Our team's expertise is also enhanced by diplomas in electrical engineering and frontline management, ensuring we stay at the forefront of industry standards.

Why Choose GBE Group?

With GBE Group, you experience more than just a service; you engage with a team committed to excellence. Whether you need a minor repair, extensive installation, or specialised industrial maintenance, we're here to deliver solutions that exceed expectations. Discover the GBE Group difference—where quality, reliability, and customer satisfaction are at the heart of everything we do.

GBE Group holds Electrical Contractors License No.38583C as well as the following licences & qualifications:

- ✓ Telecommunication Licenses
- ✓ Fibre Optic Installation and Termination.
- ✓ PDS Distribution System - twisted pair data cable installation and testing systems.
- ✓ Electrical Installation Testing (Institute of Electrical Inspectors)

GBE GROUP: PIONEERING RESIDENTIAL EXCELLENCE WITH ELECTRIFYING INNOVATION

In the heart of modern living stands the epitome of residential brilliance: the latest masterpiece by **GBE Group**. A fusion of aesthetics and top-tier functionality, this residence speaks volumes about our commitment to providing electrical excellence.

Imagine a home that sets the mood for every occasion. With the Cibus Lighting Control, seamless illumination is but a touch away. Coupled with the sophisticated Savant Multiscreen IP Audio and Video Control, entertainment leaps into the 21st century. The scene is left uncaptured, thanks to state-of-the-art CCTV systems.

But the marvel doesn't stop there. Experience grandeur with a futuristic home elevator, and indulge in the magic of a sliding roof perfectly synced with an internal opening louvre system. For the lovers of luxury, an automated bar lifter serves as a testament to **GBE Group's** ingenuity.

Dive deep into the colours of life with RGBWY coloured lighting, painting every corner of your home with emotions. And, to ensure the highest quality of life, we've integrated a programmed circadian rhythm well-being lighting system, syncing your home's ambience with your natural biological cycle.

At **GBE Group**, we're not just about the present. From switchboard upgrades, doors, gates, shutters, to home and commercial lifts, we're reshaping the future. Embrace the age of electric vehicles with our state-of-the-art EV Charger installations.

Choose **GBE Group**. Because when it comes to electrical contracting and automation, both residential and commercial, we light the way.

Happy Halloween from the team at GBE Group!

While the world gets spooky, we're here to keep things bright and safe for you.

Don't let electrical horrors haunt you this Halloween! If your lights flicker like ghostly apparitions or your outlets seem to have a life of their own, give us a call! We're here to exorcise those electrical demons and ensure your home stays well-lit and safe.

Remember, safety isn't just for the little trick or treaters – it's for everyone!

Wishing you a night filled with treats, not tricks!

Aurizon Solar Lighting

GBE Group and GB Electrical recently completed the installation of solar lighting at the Aurizon Spring Farm Container storage hardstand premises. Due to the site's size, the expenses associated with underground electrical reticulation were deemed too high. As a result, solar lighting was chosen for its ability to be easily relocated to meet specific site requirements.

For more information regarding solar at your residential or commercial property, get in touch with GBE Group today!

<https://bit.ly/45ybCPm>

Sponsorships & Community Engagement

GBE Group actively fosters community engagement through a variety of special projects and sponsorships.

By supporting local initiatives and collaborating with community organizations, GBE Group demonstrates its commitment to social responsibility and community development. These efforts not only enhance the well-being of the communities they serve but also strengthen relationships and trust between GBE Group and local stakeholders.

Sustainability & Environmental Statements

GBE Group recognise that an Environment Policy is an necessity and that we are in a unique position in assisting in the recycling of waste paper. All GBE Group staff are made fully aware of our policy in doing this and therefore promote and assist in its implementation.

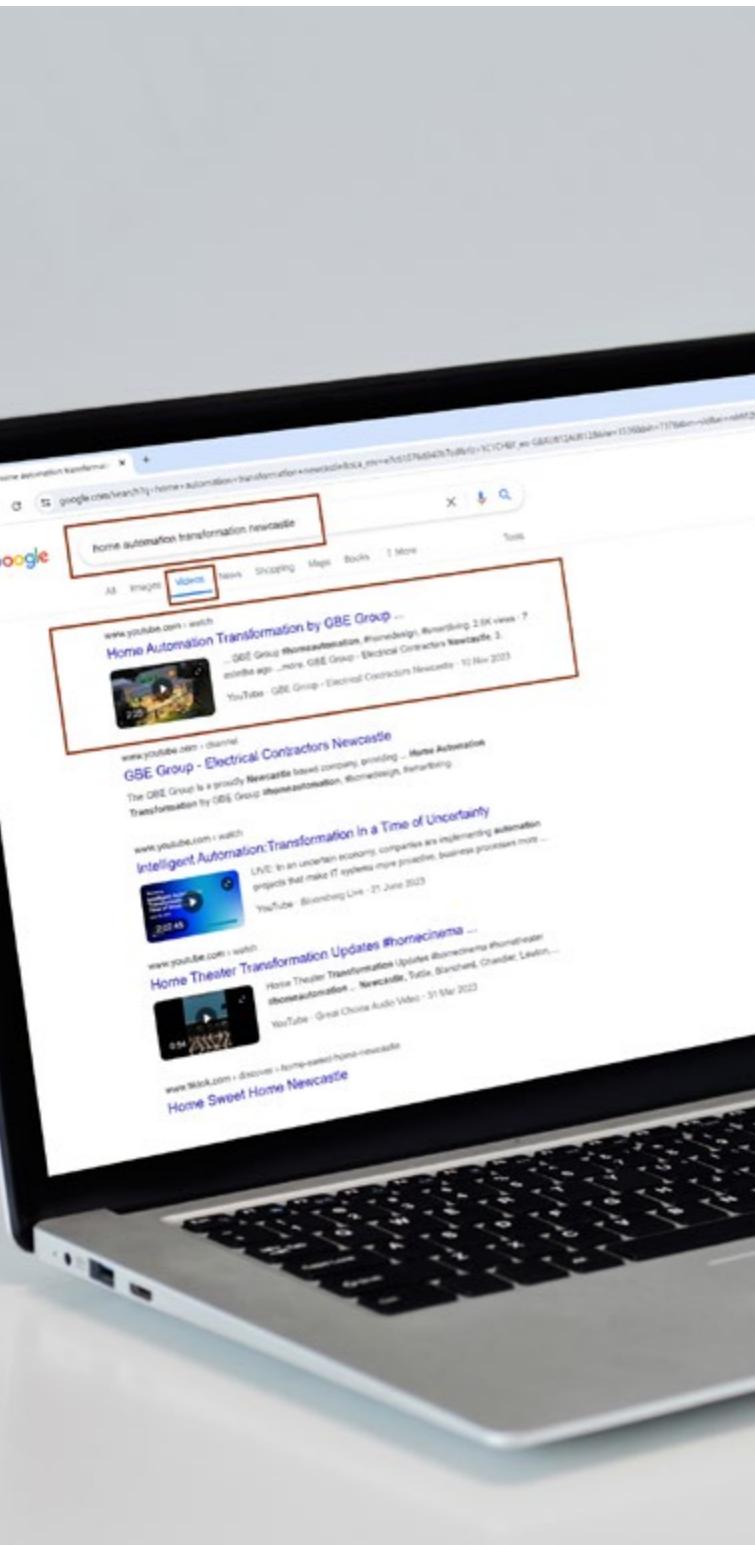

GBE Group have therefore established principles, which are as follows:

- Reduce wherever practicable the consumption of natural resources.
- Reduce, re-use and recycle wherever possible.
- Packing materials from inbound shipments shall be placed in the two recycling containers.
- These containers will be transported every week to Waste Management situated less than 10km from GBE Group Warehouse.
- Customers ordering stationery materials, checks will be made to ensure the items can be recycled and re-used.
- Signs are also posted throughout GBE Group premises emphasising the importance of recycling.
- Minimum of 85% of our packaging originates from recycled resources.
- Timber products used are sourced from sustainable sources.
- All vehicles have been equipped with Euro 4 emission standards
- Aim to prevent all forms of pollution.

Here at GBE group we committ ourselves to follow the 'Environment Policy' to ensure a pollution free environment for future generations to come.

Voice Overs

VIDEO SCRIPT - COMMERCIAL ROLLER DOORS & SHUTTERS

VOICE OVER:

"For over 30 years, GBE Group has been the preferred supplier for high-quality commercial-grade roller shutters and doors right here in the heart of Newcastle."

[SALES]

VOICE OVER:

"When it comes to sales, GBE Group is your one-stop shop. We offer a wide range of commercial roller shutters and doors, tailored to meet your specific needs. Our expert sales team is dedicated to helping you find the perfect solution for your business".

[INSTALLATION]:

VOICE OVER:

"Our commitment doesn't stop at sales. We understand that proper

installation is key to ensuring your investment is protected. Our skilled installation technicians deliver a seamless and hassle-free setup, ensuring your roller doors and shutters are operating smoothly from day one."

[SUPPORT]:

VOICE OVER:

"Regular maintenance is crucial to the longevity of your roller shutters and doors. Our experts offer comprehensive maintenance services to keep your investment in prime condition."

[24/7 EMERGENCY CALLOUT]:

VOICE OVER:

"If breakdowns do happen, usually at the most inconvenient time, GBE Group offers a 24/7 emergency callout service. We're just a phone

call away, ready to assist you when you need us most."

[CONCLUSION]:

VOICE OVER:

"Whether it's sales, installation, maintenance, or 24/7 emergency callout, GBE Group is your trusted partner for all your commercial roller doors and shutters needs."

Radio Ads

"Our forever home reflects our lifestyle. We decorated it to represent who we are, and arranged it just how we wanted it - so it made sense to future proof it too.

Thats why we installed our very own lift.

Who knows what the future holds for us, so we're prepared for whatever happens.

A residential lift not only makes living easier - it's increased the value of our home too.

Book your lift quote before February 28, and GBE Group will service it free for a year. Search gblifts.com.au."

On Hold Messages

“Welcome to GBE Group, your electrical services group.

Please hold and someone will be with you shortly.

Our opening hours are 7.00am - 4.30pm Monday to Friday ad we are available for emergency service 24hrs 7 days a week.

GBE Group for all your residential, commercial, and industrial electrical contracting needs, from small jobs to complex large projects. GBE Group for statutory testing, building and facility maintenance. Switchboard thermographic, power factor correction, UPS, and generator systems. Commercial electrical and AV automation.
